

Wairoa District Council

Electing 6 Councillors

Peter CRARER

My principal place of residence is in the Wairoa District Council area.

I am Wairoa born, raised and schooled. I am self-employed with two grown-up children who both reside in Wairoa. I stand for what is best for our small community; this includes ensuring Council transparency, economic growth, and community wellbeing.

I am concerned at the number of high paying Council jobs that are held by people who do not reside in Wairoa. This needs to change. I have been a one-term Councillor under the old ward system and was influential in its removal. With an awareness of how much workload Councillors have, I have stayed away from the past few elections until I had sufficient time to devote to it rather than treating it as a part-time task.

I will not vote for any rate increase and I will not vote for any Councillor remuneration increase over the next three years.
