- Note that applications close on **30 June 2021** and cannot be accepted after this date.

Applying for a rates rebate

1 July 2020 to 30 June 2021

The purpose of the Rates Rebate Scheme is to provide a subsidy to low income home owners on the cost of their rates. The maximum rebate for this rating year is \$655.

Am I eligible?

- I was a legal ratepayer for the property that was my home on 1 July 2020 and I am named on the council Rating Information Database (RID).
- I am not applying after the deadline, which is 30 June 2021.

Can people living in retirement villages apply?

Most retirement village residents are able to apply. If you hold a licence to occupy agreement, a separate declaration form is required to be filled in by the retirement village operator and must be included with this form for submission. Contact your village operator or local council for more information.

Can owners of owner-occupier flats apply?

An owner-occupier flat forms part of a group of two or more dwellings that are separately owned by the occupants, but built on a single rating unit. The rates are shared by the owners. If you are the owner of an owner-occupier flat, you might be eligible for a rebate. You will need to complete a separate rates rebate owner-occupier declaration form which can be obtained from your local council, or downloaded from www.govt.nz/rates-rebates. Once completed, the form should be submitted with this application form.

Can residents of trust owned properties apply?

Only if you are a named trustee and are also named on the council Rating Information Database (RID)

How much will my rebate be?

Your rebate is determined by the level of rates payable in the 2020/2021 rating year, your household income for 2019/2020 and the number of dependants living with you. To check your entitlement, please refer to the table below or visit www.govt.nz/rates-rebates and enter your details into the rebate calculator.
