Wairoa District Council

SUMMARY ANNUAL REPORT

Adopted 30 October 2009

JOINT STATEMENT FROM THE MAYOR AND THE CHIEF EXECUTIVE OFFICER

Welcome to readers of the Wairoa District Council 2008/09 Annual Report.

The Council finished the year with a surplus of \$334,000 and Reserve Funds of \$18,084,967. The balance sheet discloses assets of \$187.8 million.

Council currently has no long term debt but there will be a need to borrow to repay some internal advances to capital projects.

Performance Management

Overall 72% of performance targets were met. This is considered reasonable given the pass/fail nature of many targets. Further work will be undertaken during the next year to develop more meaningful performance measures.

Quality Roading and Services (Wairoa) Limited

Quality Roading and Services (Wairoa) Limited's Annual Report shows a reduction in operating surplus before tax of 21.8% or \$83,572. The after tax profit was \$211,564 which represents a 4.4% return on equity of \$4,671,510. A dividend of \$90,000 was disclosed which is \$35,000 less than budgeted.

Building Accreditation

Stage one Accreditation achieved during the year (27 February 2009). Stage two Assessment due end of March 2010.

Mahia Community Waste Water Scheme

Council has investigated a new site for treatment of effluent from the Mahia Beach Scheme and the project team is on track to submit a resource consent by the end of December 2009.

A separate scheme is being developed for Opoutama.

Planning

HIGHLIGHTS

This is a brief summary of progress on some of the significant projects and initiatives that were highlighted in the Annual Plan for 2008-2009.

Long Term Council Community Plan:

The single most important project undertaken by Council in 2008/09 was the development of the 2009 – 2019 Long Term Council Community Plan. Council reviewed a number of levels of service in a number of key areas and updated work programs in all areas for the next 10 years. The LTCCP is reviewed every 3 years and the next review will take place in 2012.

The development of the LTCCP takes a considerable amount of Council and staff time and Council was impressed by the public involvement through the submissions process which was in excess of many other districts around New Zealand.

Mahia Community Wastewater Scheme:

Following extensive consultation and an overwhelming number of submissions to the LTCCP, Council resolved to abandon the proposal that would have seen the communities of Oraka, Mahia Beach and Opoutama reticulated for sewage with a central treatment and disposal facility located in the Kaiwaitau Block.

A new proposal is to be developed that will see a community scheme developed for Mahia Beach with an expectation that a new land-based disposal site will be found closer to the settlement.

During 2009/10 Council will also be talking to Opoutama residents to determine what, if anything, is done for that community.

In late June 2009 Council received notice from the Minister of Health that subsidy will be forfeited if resource consents are not lodged for the projects by Christmas 2009.

Waste Management:

2008/09 was a year in which the waste management services provided by Council underwent a comprehensive review and various options were included in the LTCCP for final public consultation. Council elected to maintain the status quo for most aspects of the service but has provided for some innovation to be looked into with respect to the rural communities of Waikaremoana and Raupunga/Mohaka. During 2009/10 Council staff will work with organisations in those communities to investigate ways in which the waste management services can be provided more efficiently and effectively.

Mahia Stormwater Improvements:

Stage 2 of the 3 year improvement programme was completed with the major component of work being the Ratau St bypass. Feedback from the general public has been very positive. 2009/10 will see Stage 3 of the major works programme implemented. Following years will see an improved level of maintenance to ensure the continued efficient operation of the upgraded stormwater system.

New Capital Work in Wairoa:

Open drains were piped in Queen St, Wairoa and Sutton St, Frasertown. The Frasertown project was particularly pleasing as the piping of the drain also provided protection to the adjacent footpath that was in danger of collapse.

Approximately 800m of new footpath was constructed in Queen St, Apatu St and Scott St.

In addition to the annual footpath programme, the Wairoa Riverbank Walkway was extended to Pilot Hill and in another highlight for the year extensive erosion protection work was undertaken by Hawke's Bay Regional Council adjacent to Kopu Road opposite the rivermouth.

Reserves Management Plans:

Council has completed the Opoutama Reserves management Plan in draft form and this will remain in draft form until issues surrounding the road and sewerage have been resolved.

Council has commenced preliminary discussions with the community of Tuai with a view to preparing a draft Reserve Management Plan for the waterfront reserves at Tuai.

Also commenced in 2008/09 is the Reserve Management Plan for the Riverbank Reserves in Wairoa township.

Additional Projects—

Upgrading Ngati Pahauwera Netball Courts at Raupunga

Council approved \$50,000 for this project. Due to the existing condition of the courts, only half the work was completed at a cost of \$35,100.

Contributing to the HB Healthy Homes Project

EnergySmart's Healthy Homes projects are government funded schemes targeting homeowners and tenants. These projects have been created to assist New Zealand households in making their homes warmer, drier, and healthier through the installation of insulation at heavily subsidised rates.

EECA, Hawke's Bay District Health Board, Wairoa District Council, Eastern & Central Community Trust joined forces to deliver the Hawke's Bay project. Wairoa District Council contributed \$15,000 towards this initiative.

In 2008/09 the scheme targeted low-income households and homes where residents (owner occupiers or tenants) exhibited health concerns such as respiratory conditions. The scheme completed more than the 30 homes targeted for insulation.

COMMUNITY OUTCOMES

The Local Government Act 2002 requires Council to report measures taken and progress made towards achieving the community outcomes stated in the LTCCP at least once every three years.
